Subject: California Type Evaluation Program Web Page

The California Type Evaluation Program's (CTEP) web page has a NEW look. An Information Guide is now included on CTEP's web page. The Guide was developed to provide basic information on the type evaluation process. Information for type evaluation applicants, such as the application form, rate schedule and pre-evaluation checklists, is also provided.

It is hoped that CTEP's new web page will be helpful and easy to navigate. We are in the process of developing web pages for all Division of Measurement Standards programs, tailored after CTEP's, to assist in disseminating information to our customers.

Please take a look at CTEP's web page at www.cdfa.ca.gov/dms/InfoGuides/ctep.htm. We welcome any comments or suggestions. Please direct any questions or comments to Gary Castro, Program Supervisor, at (916) 229-3049.

Sincerely,

Mike Cleary
Director
